

LEESHARAM (ALEX) RAJCOOMAR

Brampton, ON | (647) 471-3023 | a2rajcoo@uwaterloo.ca | linkedin.com/in/leesharam-rajcoomar | alexrajcoomar.github.io
Available for a January to April 2027 co-op work term

EDUCATION

University of Waterloo, School of Accounting and Finance

Waterloo, ON

Bachelor of Accounting and Financial Management (Honours, Co-op), Analytics stream

Sep 2024 to Apr 2029 (expected)

- Merit Scholarship
- **In progress, Fall 2026:** Intermediate Financial Accounting 1; Personal Financial Planning and Taxation; Accounting Information Systems; Cost Management Systems
- **Completed:** Introduction to Tax; Introduction to Assurance; Introduction to Performance Analytics (Tableau); Analytic Methods for Business 1 to 3
- DECA Finance, provincial competitor (2022 to 2024); UWNRG Nanorobotics Group, Business Associate (Winter 2025)

EXPERIENCE

Taxwise Inc.

Mississauga, ON

Tax Associate (Co-op)

Jan 2026 to Apr 2026

- Prepared 200+ T1 personal returns in DT Max across the 2026 filing season, assembling employment, investment and self-employment income from client documentation and CRA Auto-fill my return downloads covering T4, T5, T3 and RRSP slips
- Reviewed each completed return against its source slips before release for signature, clearing variances in reported income, spouse or common-law partner amount claims that depend on a spouse's net income, and amounts transferred from a spouse under Schedule 2
- Reconciled balances owing and instalment positions to CRA administrative positions, and prepared the written explanations clients received with their assessments
- Ran client intake and season correspondence at peak volume, including Represent a Client authorization requests and follow-up on missing slips, and held the file record in order through a season carrying 200+ files

INDEPENDENT RESEARCH

alexrajcoomar.github.io

Author and publisher, independent research in Canadian tax, financial reporting and forensic accounting

2026 to Present

- Publish **67 pieces, 25 of them independent research**, carrying 188 figures and 7 interactive tools. Every figure names its source, every derived number is labelled as derived, and the site refuses to build if a published number does not match the data it was computed from
- **The tax base nobody discloses:** no Canadian issuer publishes a UCC balance, so reconstructed Dollarama's across seven CCA classes from its deferred tax disclosure and SEDAR+ filings, ran the allowance under the rates and first-year rules in force, and showed the statutory shield worth **\$1.78 to \$2.27 per share** more than a book depreciation proxy. The reconstructed base reproduces the issuer's disclosed current tax expense for a year it was not fitted to
- **IFRS 15 Judgment Trainer:** wrote and verified **62 revenue recognition scenarios**, 29 determinate and 33 turning on judgment the standard leaves open, each answer tied to a paragraph or illustrative example and checked item by item against IFRS 15 in Part I of the CPA Canada Handbook, 2026 Edition, on Knotia

PROJECTS AND COMPETITIONS

Pet Valu Strategic Growth Case, team of four

2025

- Built three-year pro forma models for two capital deployment strategies behind a **\$575M** expansion decision, stress-testing ROA, debt to EBITDA and net profit margin under aggressive and conservative growth assumptions
- Recommended conservative expansion to a simulated CEO and CFO panel on a **sustained 16% ROA** against a decline from 17% to 10% under the aggressive case, benchmarked against PetSmart and Petco

UW CISA Interactive Business Dashboard Competition, team of four

2024

- Built the competition dashboard in **Tableau** and Excel from multi-variable performance datasets analysed in R, and presented the competitive gaps the data exposed as a short set of specific operating recommendations

ADDITIONAL

- **Tax and accounting systems:** DT Max; CRA Represent a Client; Auto-fill my return; T1 preparation and T-slip reconciliation; Knotia (CPA Canada Handbook); SEDAR+
- **Canadian technical:** Income Tax Act and Regulations; capital cost allowance and UCC roll-forwards; IFRS as adopted in Canada (Part I); ASPE (Part II)
- **Analytical:** Excel; Tableau; Python; R; three-statement and DCF modelling; scenario and sensitivity analysis
- **Volunteering:** Habitat for Humanity ReStore (Jul to Sep 2023): recorded sales and reconciled daily revenue
- **Interests:** capital cycles; forecasting and calibration; the science of learning
